MEMORANDUM FOR: The Honorable John Lehman
The Secretary of the Navy

SUBJECT: Use of Helicopter Pad

REFERENCE: Memo for SECNAV from DDA/CIA, dtd 14 Apr 82,
re same Subject

This is to inform you that representatives of the CIA met with the Downscrest Citizens Association on 1 March to discuss the status of our proposed new building on the Headquarters compound. During this meeting members of the Downscrest Citizens Association took the opportunity to complain about the "much more frequent activity by Navy and Marine helicopters, including a low level approach at 2:00 a.m.," on our compound. In view of this adverse sensitivity by "our neighbors," I thought this matter should be brought to your attention. It is suggested that those individuals operating your helicopters be instructed to avoid overflying residential areas in their approach to the CIA helicopter pad, to the maximum extent feasible, in order to satisfy these citizens' concerns.
